## Abstract

**This document demonstrates the official Oxford University Press `oup-authoring-template` class configured for Quarterly Journal of Economics. It is a template, not a real manuscript: replace the front matter, body text, figures, tables, and references with your own material.**

## Introduction

This document is a submission template for *Quarterly Journal of Economics*. It is typeset with the publisher's official LaTeX document class; the class, not this file, controls the page layout, fonts, and reference formatting. Every piece of text in this sample—including the author names, affiliations, abstract, and references—is a placeholder (1; 2).

Replace the sample material with your own manuscript, but keep the document class and the front-matter commands unchanged. Check the journal's current Guide for Authors before submission because article types, word limits, and reference styles can change.

## Using this template

- Edit `main.tex` only; the accompanying `.cls`, `.sty`, and `.bst` files are official files and must remain unmodified.
- Put figures in `figures/` and include them with `\includegraphics`; a sample vector figure is already provided.
- Replace the entries in `references.bib` and cite them with `\cite`. The two entries shipped with the template are examples.
- Build the PDF with `latexmk -pdf main.tex`.

## Mathematics, tables, and figures

Inline mathematics such as $E = mc^2$ and displayed equations are supported:

$$\int_{-\infty}^{\infty} e^{-x^2}\,\mathrm{d}x = \sqrt{\pi}. \tag{1}$$

**Table 1.** An example table typeset with `booktabs`. Replace it with your own data.

| Item | Value | Unit |
|---|---|---|
| Alpha | 1.0 | a.u. |
| Beta | 2.0 | a.u. |

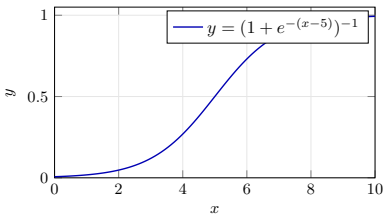

**Figure 1** An example vector figure. Replace the file in `figures/` with your own artwork.

## Conclusion

Replace this paragraph with the conclusion of your manuscript. The template is intentionally minimal: journal-specific requirements should be taken from the current author guidelines rather than added as local formatting hacks.

## Funding

This template was prepared without external funding.
